Identity of Oregon traffic accident victim not released

A 51-year-old Vancouver man died Saturday night in a motorcycle accident in the Nebraska Panhandle.

Kenneth Dale Morton of Vancouver was riding westbound on Interstate 80 near Kimball, Neb., at about 10 p.m. Saturday when he lost control of his motorcycle and slid into the median, according to the Lincoln Journal Star newspaper. The bike slid into the median and rolled, throwing the rider back into the westbound passing lane of the interstate.
